

Tejas Shirnalkar

Full stack Web Developer

I am a passionate and Innovative Student with a keen interest in technology. Since the beginning of my college life, I have been very passionate about my co-curricular activities and I am constantly taking up new and innovative projects with my classmates. I consider myself a great Team player and I am currently the Team Leader of PICT Robotics Team which takes part in the Asia-Pacific Robot contest (ABU ROBOCON). I am Seeking for Internship opportunities as a web developer to leverage my development skills and gain industry experience
